

Chesapeake Professional Women's Network, Inc.
Building Relationships. Growing Businesses.

Dear Business Friend:

Chesapeake Professional Women's Network (CPWN) will be hosting our Annual Fashion Show and Silent Auction fundraising event on Tuesday, October 11, 2011 at the Richlin Ballroom. Proceeds from this event will be donated to various Harford County charities, including, but not limited to the **Open Doors Career Center**, a non-profit organization providing a variety of career and education services to women in the area who are in personal need, **SARC**, an organization that is working to end domestic and sexual violence in our area and create a society free from abuse and fear and the **CPWN Scholarship Fund** at Harford Community College.

We are seeking community-involved businesses to make our event successful by providing a donated item or cash to purchase items for our silent auction, a door prize item or a cash or check donation of any value. Historically our event has been attended by over 250 women that live, work and shop in Harford County. This is a fantastic way to market your business while also making a contribution to a good cause. All donors will be recognized in our program as well as on our Silent Auction tables.

During this difficult economy, it is tempting to set aside yet one more request. However, we are asking you to lend a hand through a donation not only because it is the charitable thing to do but also because it will help organizations that are desperately in need funding due decreased grant funding and budget cuts.

We ask that you include the attached form along with retail value of your donation and a business card, brochure, or other business identification so it can be presented with the item at the auction.

Should you have any questions please feel free to contact Fund Raising Chairs, Rose Zappa-Jehnert at rzejnert@ywgcrealty.com, 443-465-7311 or Janis McGuire at jmcguire1@metlife.com, 410-382-4971.

Your kind generosity is greatly appreciated.

Thank you,

Kimberly A. Zavrotny
